### NORMAL WINS

BY 29 TO 11

ATOKA GIRLS PUT UP PLUCKY  
FIGHT, BUT COULD NOT  
EQUAL ADA TEAM.

For the first few minutes of the game last night between Ada and Atoka, it seemed that Ada was going to have a hard time to win, for at the end of the first ten minutes, the score stood 6 to 6. However, the normal champions then went to work and the half closed with Ada 13 and Atoka 7. During the last half the teachers did even better than this, adding sixteen additional points to their end of the score while letting the visitors add only four.

The game was well fought from the beginning, both sides contending to the last inch and both playing in luck. The home team was much superior in team work, size and accuracy. The visitors were somewhat faster on the floor.

The last half of the game was one of the prettiest exhibitions of basketball ever seen on the home court. Time after time, the ball went from the Ada guards, to center, to forward, and then directly into the goal without an opposing player being able to get in contact with it at all. Blanch Rushing and Maud Brents certainly were able to put it in the cage, too.

The work of both sets of centers was supreme. Grace Rushing and Margaret Cameron for Ada and Louise Kuykardall and Tommy Hope for Atoka were all on the job every second of the time. The work of the guards was phenomenal also, especially that of Clytie Young.

#### LINE-UP.

Ada Normal—Blanch Rushing, left forward; Maud Brents, right forward; Grace Rushing, first center; Margaret Cameron, second center; Clytie Young, right guard; Nell Robinson, left guard.

Atoka—Tony Kuykardall, left forward; Effie Dunn, right forward; Louise Kuykardall, first center; Tony Hope, second center; Reda Shelton, right guard; Ruth Ralls, left guard.

Field goals, Blanch Rushing, 10; Maud Brents, 4; Effie Dunn 2. Tony Kuykardall 2. Free goals, Blanch Rushing 1, Effie Dunn 3.  
Score: Ada 29; Atoka 11.  
Referee, Battenberg. Umpire, Cox.

#### This Date in History.

1780—Wedding of Alexander Hamilton and Mrs. Elizabeth Schuyler at Albany, N. Y.  
1799—George Washington, first president of the U. S., died at Mt. Vernon, Va. Born in Westmoreland county, Va., Feb. 22, 1732.  
1819—Joint resolution of congress admitting Alabama to the Union approved by President Monroe.  
1861—Prince Albert, husband of Queen Victoria, died. Born Aug. 26, 1819.  
1894—New Canadian ministry formed by Mr. Mackenzie Bowell.

#### TRY TO SAVE CUIT

##### LEADER FROM PRISON

Springfield, Ill., Dec. 14.—Arguments were heard in the Illinois Supreme Court today in the case of Evelyn Arthur See, the Chicago cult leader, whose trial attracted widespread attention a year or more ago. See was convicted and sentenced to the penitentiary on a charge of abducting Mildred Bridges, who, with her mother, was among See's most prominent disciples and inmates of his temple. Pending the appeal in his case the cult leader has been at liberty under bail. The belief prevails that conviction will be a difficult matter in the event of a second trial, for the reason that the father of the Bridges girl, who is prominent in Chicago business circles and who instigated the prosecution of See, has since become reconciled to his wife and daughter, both of whom are still loyal to the cult leader.

#### FORECAST FOR THE COMING WEEK

Washington, D. C., Dec. 14.—Little outside of the ordinary routine of business is expected from Congress during the week, in view of the near approach of adjournment for the Christmas holidays. By unanimous consent of the members both houses will allow all 'big' items on the legislative program hang over until the recess.

With the object of completing arrangements for the proposed investigation of boundary waters from the St. Lawrence to the head of the Great Lakes, members of the International Joint Commission will reassemble in Buffalo Tuesday. At the same time and place there will be a conference of Canadian and American health officers to discuss the subject of the pollution of the boundary waters.

A national conference of delegates from nearly all the states will meet in Washington Monday for the purpose of considering and urging remedial legislation by Congress to protect prohibition territory from interstate shipments of intoxicating liquors.

At the call of the Grain Dealers' National Association representatives of grain exchanges throughout the country will meet in Chicago Monday to discuss proposed legislation directed toward abolishing the practice of dealing in grain for future delivery. A bill with this end in view is expected to be presented to congress at the present session.

James J. Hill of St. Paul and W. L. Mackenzie King, former Canadian Minister of Labor, will be the chief speakers at the annual dinner of the Railway Business Association, the national organization of manufacturers of railway equipment, which will be held at the Waldorf Astoria in New York City Thursday evening.

A notable wedding of the week will be that of Miss Constance Warren, daughter of Mr. and Mrs. George Henry Warren, and Count Guy de

### ENTERTAINMENT BY IRVING SCHOOL GIRLS

The girls of the 7th and 8th grades gave an entertainment at the Irving school building Wednesday eve. It consisted of reading, jokes, instrumental and vocal music. After the rendition of the program, they served refreshments.

The girls in their charming style proved themselves equal to the occasion to all that were present and the entertainment was highly enjoyed by all.

#### Anniversary of Washington's Death.

Mt. Vernon, Va., Dec. 14.—Delegations representing Masonic lodges in Alexandria and Fredericksburg came to Mt. Vernon today and placed handsome memorial wreaths on the tomb of George Washington, in commemoration of the 113th anniversary of the first President's death. It was in Fredericksburg Lodge No. 4 that General Washington was made a Mason, and the old record books of the lodge containing the minutes of the meeting at which Washington received his degrees are still preserved, as is also the Bible on which he was obligated as a master.

Address All Letters to the News Publishing and Printing Company

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

The proposition to promote Col. Goethals to the rank of major general in recognition of his great achievement in constructing the Panama canal is a good one. This is the greatest engineering feat ever performed by man, and the colonel has proved himself a wonderful leader and manager of men. So well has he performed his work, that it will be completed two years ahead of schedule time. Not only that but the isthmus has been transformed from the home of pestilence into a health resort, again demonstrating what a thoroughly competent man can do. No victory achieved in war ever entitled a man to recognition and promotion any more than the building of the Panama canal.

Congress has unseated a Republican member from Pennsylvania on the ground that he used questionable methods in securing his election. His Democratic opponent was likewise refused the seat on the same grounds. Money seems to make the congressman as well as the mare go.

Again the News takes off its hat to the normal girls. Their victory over

Atoka Friday evening places them right up in the front row, a place they occupied last season.

**Notice.**  
Rev. J. W. Prowell of Joplin, Mo., are conducting a ten day meeting in Second Baptist church. The public are cordially invited. Services at 11 a. m. and 3 p. m. Sunday and each evening at 4 p. m. and 7:30 p. m. Come and bring your friends.

This evening the Majestic will present "The Adventures of an Italian Noble" in which Maurice Costello is the star. It will also present "Mr. Pickwick's Predicament," in which Dickens' famous characters appear in the great breach of promise suit. The Moulans will appear again in a complete change of program. Owing to unforeseen obstacles the program of last evening was not changed from the one of the evening before, but the one this evening will be entirely different.

## CIVIL SERVICE EXAMINATION FOR POSTMASTER AT STONEWALL

This morning a civil service examination was held for the postmaster-ship of Stonewall. There were only two applicants, J. W. Fuller and I. H. Van Eaton.

The present incumbent is said to be an applicant for re-appointment, but was informed that it would not be necessary for him to take the examination since he has been qualified by his past service. From this it will appear on the face of the matter that Mr. Taft's order placing the fourth class offices under civil service rules is a big farce, for no matter how excellent an examination an applicant may pass, the present holder of any office seems slated for reappointment. At least that is the way it looks to an outsider.

**Error in Hoover's Ad Friday.**  
In Friday's paper a very bad error crept into Hoover's ad. It stated that \$7.50 and \$6 suits would be sold at \$9.95, and \$17.50 and \$20.00 suits and overcoats for \$4.95. As a matter of fact the figures were reversed. It was the first named that sold for \$4.95 and the overcoats and suits which were marked down to \$9.95.

## DECIDE YOURSELF

The Opportunity Is Here, Backed by Ada Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Ada endorsement. Read the statements of Ada citizens.

And decide for yourself. Here is one case of it: Mrs. G. M. Dawkins, 406 E. Fourteenth street, Ada, Okla., says: "We always keep Doan's Kidney Pills in the house to have in case of need. I had a backache and at times was nervous and dizzy. At night I was restless and in the morning felt all tired out. Seeing Doan's Pills advertised, I began using them and they did me a world of good. One of my children had rheumatic pains and other symptoms of kidney complaint. In this case Doan's Kidney Pills also gave great relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States. Remember the name—Doan's—take no other.

## SOCIETY

**Miss Dodds Entertained**  
One of the most enjoyable social events of the season occurred last Monday evening in the parlors of the First Methodist church when the Junior Philathea class entertained in honor of Miss Icie Dodds of Mayville, Oklahoma.

The affair was somewhat informal, yet there was no lack of preparation on the part of the girls to make the occasion one long to be remembered by their guest as well as all present. Popular games and other forms of amusement served to entertain the soiree until a late hour when dainty and toothsome refreshments of hot chocolate, bon bons and assorted cakes were passed around to the merry crowd. Miss Dodds has been visiting a fortnight in the city at the Warren home and as a former member of the Philatheas was championed throughout the evening as the class honoree and made to feel a welcome back among the young people of her set.

The following were among those present: Misses Icie Dodds, Blanche Cole, Beuna Nolen, Mollie Russell, Beatrice Craig, Allyne Price, Kathryn Reed, Clara Martin, Retta Stattler, Minnie Lou Hill, Zona Cummings and Mrs. Wilbur Lee; Messrs. Claud and Ralph McMillan, Ernest Cassidy, Glen Hardin, Byron Sledge, Wm. Cameron, Guy Logsdon, Frank Jones, Harvey Black, Hugh Biles, Merle Sears, Maude Donaghey, Cranston Smith and Paul Norrell.

**Mrs. Norris Entertains Bridge Club.**  
Wednesday afternoon Mrs. P. A. Norris, who has always been recognized as one of Ada's most popular hostesses, entertained the bridge club at her home on East 9th street. Five tables were arranged for the players. After the game had been concluded a delicious turkey course was served the guests.

This afternoon Master Hardy Roach entertained a number of his young friends at a party given in honor of his birthday.

## MEETING OF PATRONS' CLUB OF IRVING SCHOOL

The meeting of the Mothers' Club at the Irving building Friday afternoon, was quite a success both in number and interest. About forty mothers were present and interesting talks were made along the line of habit formation by Mrs. Barton, Misses Grant, Fieldin and Mr. Floyd; also, an excellent address by Prof. Lilly of E. C. N. was made. Music was furnished by Miss Lane and Mrs. Herrick. The club had offered a banner to the grade which succeeded in getting the most mothers out at the meeting. The banner was awarded to the third grade.

A. M. Haraway and family moved to Paris last Monday to make it their home at least until the close of the schools at that place. His future plans will be determined in the meantime.—Blossom (Tex.) Bee.

## HOME RULE COMPLETES THE COMMITTEE STAGE

London, Dec. 13.—The committee stage of the Home Rule bill was completed in the house of commons late tonight amid excited demonstrations and counter demonstrations. The house then immediately adjourned. Premier Asquith and his ministers were given an ovation as they left the chamber.

The home rule bill passed its first reading in the house of commons April 16 by a vote of 369 to 266. Its second reading was passed May 9 by 372 to 271. The bill was then formally referred to a committee of the whole house, but as home rule and Welsh disestablishment are being taken concurrently, the committee stage of the home rule bill was not reached until June 11. The Unionist amendments, which have been the subject of long debate, covered 345 pages of parliamentary paper.

The bill received a setback on November 12, when during the debate on the financial provisions the Unionists defeated the government in a snap division by a majority of twenty-two. After riotous scenes in parliament, an amicable arrangement was reached. The house, on the motion of the premier, negatived its original financial resolution, the amendment of which by Sir Frederick Banbury led to the trouble and another resolution was substituted for it. The net result was to delay the progress of the home rule bill for ten days.

The government intends to pass through the house of commons before parliament rises prior to March 30, three important bills—home rule, the disestablishment of the church of Wales and the reform of the franchise, the principal clause of which aims at putting an end to plural voting.

**YOUR GRAY HAIRS QUICKLY VANISH**

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of being old on account of gray hairs when a simple remedy will give your hair a youthful color and beauty in a few days' time?

Most people know the common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of sage, combined with sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty-cent bottle from your drugist today, and notice the difference in your hair after a few days' treatment. All drugists sell it under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents, Gwin & Mays Drug Co., Ada, Okla.

**First Methodist Church.**  
At the First Methodist church tomorrow services will be held as follows:

Preaching at 11 a. m., subject: Is the Preacher Worth His Salt?  
Junior League at 3 p. m.  
Young People's League at 6 p. m.  
Preaching at 7 p. m., subject, The Answer by Fire from Heaven.  
We invite the public to all our services.  
CHAS. L. BROOKS, Pastor.

Williams and Rose, the popular musicians at the DeSota demonstrated their ability as picture dramatizers last evening in their dramatization of "In Time of Peril." This picture demanded unusual skill along this line. They will dramatize "The Altar of Death" the feature of this theatre tonight.

**DOCTORS ENDORSE Newbro's Herpicide**

When a doctor endorses a preparation it means more than an ordinary testimonial. His opinion is always that of the professional man devoted to the welfare of the people.

Rev. J. J. Boyd, Covington, Tenn., says: "I feel it my duty to write this for the benefit of those suffering from dandruff. In the average case a few applications of Newbro's Herpicide will remove all dandruff. It is advisable to continue its use for several weeks."

The words of J. B. Thompson, M. D., No. 2 Burrough Place, Cor. Hollis St., Boston, Mass., are not less enthusiastic: "I can only speak in praise of Newbro's Herpicide. It is all that is claimed and perhaps more. Herpicide not only cleanses the scalp but brightens the hair, gives it life and makes it soft."

Newbro's Herpicide is the original remedy to kill the dandruff germ and stop falling hair. The terrible itching which goes with dandruff is allayed almost at once.

We positively guarantee the one dollar size bottle.

**Not Really Naval Stores.**  
The term of turpentine, tar, pitch and rosin as naval stores is a misnomer. It originated many years ago, when tar and pitch first were used to coat the bottoms of vessels to make them watertight and to cover the rigging of ships to preserve it from the action of the weather. All ships carried always a supply of tar among their stores, and hence the original of the term "naval stores." It was used only by ship builders and ship owners and others who had to do directly with shipping, and was a nautical term only. Then, when the products of the gum of the long-leaf pine came into general commercial importance, the term was accepted as a fitting one for all articles of commerce manufactured from that substance, and is maintained to this day, although the uses that created it have little to do with the interests of the trade.

**Squirrels' Instinctive Gift.**  
Squirrels, it is said, know how to judge distances accurately, for they seldom jump two distances alike, yet never fail to land safely when an inch too far or too short would mean disaster. And dogs run along beside horses' heels, judging accurately the safe distance, and are seldom, if ever, injured.

Miss Mary Kate Baker arrived Friday afternoon to spend the holidays with relatives and friends. Since leaving Ada she has resided at Kemp and Sulphur Springs, Texas, but says Ada is ahead of any place she has been.

## SHERIFF STILL WANTS TROOPS AT JAY

Grove, Okla., Dec. 13.—Sheriff Bud Thomson, who came here today from Jay, seat of the Delaware county seat war, sent a telegraph message to Governor Lee C. Bruce at Oklahoma City, making a final appeal to the governor to send troops to the scene of the trouble and declaring his purpose to make an attempt Monday to remove the court records from old Jay to the new courthouse in compliance with the order of the supreme court and the present county commissioners.

The situation at Jay appears to have dwindled down to a point where hostilities are improbable from the lack of a party of the second part. That an armed force is assembled at the courthouse in old Jay to prevent removal of the records is well established, but it has seemingly been impossible for Sheriff Bud Thomson to mobilize a sufficient number of men to attempt with any prospect of success, removal of the records to the new courthouse. The sheriff today appealed to other sheriffs in north-eastern Oklahoma to send men to aid him in carrying out the instructions of the court. Up to a late hour Friday night, according to the best information obtainable he had received no favorable responses.

## HICKEY MAY ESCAPE CHAIR

Buffalo, N. Y., Dec. 14.—Not for many years has any criminal case aroused so much country-wide interest among all classes of people as the case of J. Frank Hickey, the self-confessed murderer of boys, whose trial upon the charge of having murdered the seven-year-old Joseph Josephs at Lackawanna, N. Y., on October 12, 1911, will come up before the Supreme Court in this city on Monday.

For many reasons this case is one of the most unusual and interesting in the criminal annals of this state, if not of the whole country.

Pronounced cases of a dual personality are not common and the psychological problem which they present makes them intensely interesting to every student of human nature in its abnormal state. It has long since been recognized that when Robert Louis Stevenson wrote his famous book "Dr. Jekyll and Mr. Hyde" he did not present a psychological impossibility, but that he gave a masterly presentation of a clear cut and typical case of a dual personality, entirely within the limits of possibility, though perhaps a trifle more extreme and sensational than most of the cases which occasionally come to public notice.

The life history of J. Frank Hickey and the circumstances connected with his arrest and indictment present many peculiar features. Hickey's a man of middle age, of good address and from his appearance nobody would suspect him of being a man of abnormal or criminal character. He received a good education, became a pharmacist and then an expert chemist and filled various responsible positions to the satisfaction of his employers. In his normal condition a man of culture, kind and pleasant in his ways, he became a fiend filled with the lust of murder when the poison of alcohol benumbed his better self and released from his latent state the sinister part of his personality.

When under the control of his evil ego Hickey became filled with the insane impulse to kill boys, an impulse which he could not resist. According to his own confession Hickey tried to commit murder twelve times, but only twice did he succeed. One of his victims was little Joseph Josephs, for whose murder he is to be tried next week, the other was Michael R. Kruck, a newsboy in New York City, whom he lured to an unfrequented part of Central Park where he strangled him.

In both cases it was believed that the boys had been kidnapped. The body of Michael R. Kruck was found after a while in Central Park and Hickey was arrested on suspicion. After his arrest in Buffalo he made a confession, but repudiated his statements after he had recovered from his intoxication. As there were no proofs against him he was released by the police.

Joseph Josephs was the son of a wealthy merchant of Lackawanna and after his disappearance his father, believing that the boy had been kidnapped, instituted a country-wide search. The boy's dismembered and decomposed body was not found until after the police of Lackawanna had received a postal card from Hickey, mailed from Boston, and informing them that the writer had strangled the boy and thrown his dismembered body into a cesspool back of a saloon in Lackawanna.

It was his mania for writing postal cards to the police authorities of different cities, confessing to crimes and giving information as to where the bodies of the victims would be found, which led to the capture of Hickey. Facsimiles of the cards were reproduced in the newspapers and some persons, who recognized the similarity of the writing with Hickey's chirography, informed the police. An investigation was made which disclosed that Hickey had been under arrest for the murder of the Kruck boy, and after some further search Hickey was found in an institution for inebriates at Whiting, N. J., arrested and charged with the murder of the Josephs boy.

Hickey did not resist arrest and declared his willingness to be taken to Buffalo without formal extradition. On the way from New York City to Buffalo Hickey made a full confession of his crime, including the murders of Joseph Josephs and Michael R. Kruck. He said that when under the influence of liquor he could not resist the desire to kill boys, while he deeply regretted his crimes when in a normal condition. It is believed that Hickey will probably be found insane and be committed to the Danmora asylum for the remainder of his life.

## PEACE ENVOYS AT LONDON

London, Dec. 13.—All the plenipotentiaries to the peace conference, which will convene here next week with the purpose of ending the war in Southeastern Europe, are assembled in London. The Turkish envoys arrived late tonight and unless the continuance of hostilities between the Turks and Greeks should prove a hindrance, there seems nothing in sight to prevent the conference getting down to business immediately.

With a regard to a report from Constantinople that the Turks would refuse to meet the Greek plenipotentiaries in London unless Greece signed the armistice the other Balkan states have subscribed, the counselor of the Turkish Embassy here said tonight he knew nothing of any such instructions and did not believe the Greeks would have come to London unless their country was prepared to fall in line with the other Balkan states as to the terms on which they should meet.

The newspaper interviews given by the Turkish and Bulgarian delegates on their journey toward London indicate that a keen struggle will take place in the conference over the possession of Adrianople. Both sides present an unyielding attitude on this point, basing their claims on the fact that their armies are in excellent condition to resume hostilities. The Turks claim they have 170,000 practically fresh troops behind the Chatalja lines, while dispatches from Constantinople indicate the war party in the Turkish capital is gaining in influence. No apprehension is entertained in diplomatic quarters here, however, that the conference will be separated without concluding peace.

The important question has arisen as to whether Roumania should join the Ambassadors conference, which will convene simultaneously with the peace conference to discuss pending European questions. The matter remains unsettled, but it is said Germany, Austria and Italy all favor Roumania's participation. Some difference of opinion exists as to whether this conference should discuss the question of a Servian port on the Adriatic.

That weighty matters will be decided at the conference is evident from the fact that the Austrian and French Ambassadors at London now are on visits to their respective capitals to get instructions from their governments. It is reported tonight that the German Ambassador has gone to Berlin on a similar mission.

It is becoming increasingly probable that a conference of the Powers will assemble later at Paris to complete the work of the Ambassadors conference, ratify its decisions and conclude a treaty settling the near eastern problem.

## HOME RULE COMPLETES THE COMMITTEE STAGE

London, Dec. 13.—The committee stage of the Home Rule bill was completed in the house of commons late tonight amid excited demonstrations and counter demonstrations. The house then immediately adjourned. Premier Asquith and his ministers were given an ovation as they left the chamber.

Hughes County Land Sales.

Oklahoma City, Ok., Dec. 13.—The government completed the sale of unallotted land in Hughes county, embracing about 200,000 acres, all of which is south of Canadian river. The lowest appraisement was \$1.50 per acre, nearly all of the tracts being classified as grazing land, and a little as agricultural. The highest price paid was \$11.75 per acre, and most of the purchases were by oil and gas prospectors.

There are some oil and gas indications in Hughes county, although little development work has been done in Oklahoma and Oklahoma counties to the north, much oil and gas has been found, and in Coal county a short distance south of the Hughes County line some gas has been obtained.
